

Central European Biomass Conference (CEBC)

15th-18th January 2014

Workshop planning

Foreword

A common workshop will be organized for the projects:

- AshMelt: international workshop
- SafePellets: workshop

Title

Safety issues, certification and standardisation of pellets.

Date

Friday, 17th January 2014

Time

14h00-16h30

Agenda

AshMelt:

- 14h00: "Classification of slagging tendencies of biomass fuels", Marcus Öhman, Energy Engineering - Division of Energy Science, Luleå University of Technology
- 14h15: "Ash melting behaviour of solid biofuels in residential pellet boilers ", Manuel Schwabl, BIOENERGY2020+ GmbH
- 14h30: "Comparison of laboratory methods to characterise ash melting behaviour", Jonas Dahl, Danish Technical Institute
- 14h45: Questions
- 15h00: end of the workshop

SafePellets:

- 15h00: "Off-gassing – Safety issues related with emissions from wood pellets along the pellet supply chain" , Waltraud Emhofer, BIOENERGY 2020+
- 15h15: "Current status from SafePellets on studies of selfheating in biopellets storages", Niels Peter Nielsen, Danish Technical Institute
- 15h30: "The importance of standardization and certification for small scale pellet producers", Andreas Schneider, PUSCH AG
- 15h40: "Safety issues - impact on pellet industry", Martin Behr, German energy wood and wood pellet association (DEPV)
- 15h50: Questions
- 16h00: end of the workshop

16h00-16h25: Questions-debate

16h25-16h30: Concluding words – Gilles Gauthier, AEBIOM
